SUBJ: Air Pollution Control Permit  
Former Hexcel Corporation Facility, Lodi, New Jersey  
APC Plant ID 01418  
GEO Project No. 94039

RECEIVED  
MAY 24 11 15 AM '96  
NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION

Dear Mr. Gudz:

As a follow-up to our recent telephone conversation, GEO Engineering is requesting you place the recently (April 2, 1996) submitted permit application for a pilot test air permit on a normal review schedule. We had originally requested that the final review be postponed until we notified you because the schedule for the pilot test was not well defined. Since we have now received permission from the Passaic Valley Sewerage Commissioners to discharge treated water, we are ready to plan the pilot test.

By way of this letter, we also submit the application fee for the permit. A check made out to the Treasurer, State of New Jersey, for \$250.00 is enclosed.

If you have any questions concerning the permit application or this request, please contact one of the undersigned.

Sincerely,

GEO ENGINEERING, INC.

Jeffrey L. Duncan, P.E.
